

## Module-2(Technology)

1). Discuss plans for upgrading your technology skills.

- Dedicate Time to Self-Study.
- Build Relationships with Tech Enthusiasts.
- Collaborate with Developers.
- Volunteering on Technical Projects.

2)Mention any relevant courses, certifications, or resources you are pursuing.

- currently I learn Python language in tops technology.
- they provides all resources .
- also when I will completing my course they give me a certification.

### 3) Share your approach to continuous learning and professional development.

- My approach to continuous learning and personal growth is to set clear goals and create a plan to achieve them.
- I regularly attend relevant workshops, take online courses, and read industry publications to stay updated.
- I also seek feedback from my colleagues to identify areas of improvement and work on them.
